Jury Report

The Washington 2006 International Jury has completed the judging of the competitive entries in the exhibition and is pleased to present its report.

All decisions were conducted efficiently and harmoniously, with due consideration of all aspects of the items being judged.

The Jury wishes to thank the Organizing Committee for the excellent facilities that were provided. We were also appreciative of the exceptionally high quality and diversity of the exhibits, both those in the competitive section as well as those in other areas of the exhibition.

We especially extend our thanks to Her Majesty Queen Elizabeth II and to His Serene Highness Prince Albert II of Monaco for the opportunity to view aspects of their respective philatelic collections, and to the participants in the Invited Class who have shared their treasures with exhibition visitors for a brief time.

The National Commissioners deserve special recognition for their solicitation and care of the fine items which were shown; this is a critical but often unappreciated task. And finally, we wish to thank the exceptional administrative support provided by the Jury Secretariat, under the outstanding management of Mr. Robert P. Odenweller.

**The Celebrated Canada–United States First Issue
Mixed Franking Cover**

**From the “Monte Carlo” Collection
Provided courtesy of Shreve’s Philatelic Galleries, Inc.**

The famous cover seen on the front cover of the palmares is a folded letter from the Kennedy correspondence, sent from Montreal to New

York City in June 1851. On April 6, 1851 a postal agreement between Canada and the United States took effect, requiring cross border mail to be prepaid from origin to destination.

The rate was 6 pence or 10 cents. In this case the mixed franking achieved this rate with the 3p Canada red Beaver and 5¢ United States brown Franklin, using the spectacular first issues of these two countries.
